- Past-Forward News: **A Note from Bill Steckel** - "Previously, as part of our Past-Forward Initiative, several of our long standing members shared with us their collective insights and memories on the changes they experienced over the years, as they pass on their faith to the next generation. Continuing with this initiative, the Missional Discovery Journey (MDJ) Team invites our newer members to participate in a second video taped group discussion that will focus upon how they see God working within First Lutheran Church and where God may be taking them as we (the church) move forward. The date and time will be determined based upon the availability of the participants. Those interested are asked to contact the church office (592-4102 or office@firstlutheranlodi.org) and speak with Darilyn."
